- Public buildings**
- Amenities**
- School**
- Natural world/surrounding area**
- Employment**
- Activities people in the village participate in**
- Cultural activities**

- Video has no mistakes in spelling or grammar**
- Voiceover is clear and easy to understand**
- Voiceover words go with the correct video section**
- Footage is clear and easy to see**
- Information presented is accurate at time of production**
- Credits are complete and give viewer places to go for more information**

5. Supplies

What supplies will you need?

Video camera

Computer

TE 10.07 - Completes a project of the student's choice upon approval of the LPSD Technology Department.

6. Why did you choose this project?

One of my passions is to create videos and tell stories through the digital medium. I would like to be a filmmaker in the future. I also believe our village needs to be shown in a positive manner to people outside of it. I think by creating a video I will be able show my skills in video production and my knowledge of my village. I also think this video may encourage others to come to, or take an interest in, my village.
